

Transforming your Catering Services

Caterlink are delighted that we will soon be working in partnership with your school, so we wanted to introduce ourselves and our catering services.

We love great food and hope you will enjoy all of the great new innovations we'll bring to the table.

We embrace natural ingredients, love seasonal produce, and develop ethical trading with many of our suppliers. Our meat, bread, fruit & vegetables are all sourced from suppliers as near to the school as we can find.

95% of all our food is freshly prepared from scratch on site by our team, ensuring the very best quality!

Our menus are refreshed every term to ensure we reflect the changing seasons and trends from the high street. We're also happy to listen to any ideas you might have and will make sure our menus are tailored to deliver what you want.

We are also proud to say all our meals are nutritionally compliant to the Government Standards for Food Served in Schools.

Once we start in April, please feel free to come and talk to any of the catering team for more information.

In the meantime, you can find out more about us on our website: www.caterlinkltd.co.uk

The Price is Right!

We believe in keeping prices as low as we possibly can, so always look out for our meal deals and loyalty schemes to ensure you get the best value you can! All of our meal deals start at just £2.10 for two courses, helping to fill you up for less. You can also look out for our termly promotions and special offers to save even more!

Coming Soon...

When we start in April, Caterlink will be launching our range of exciting food concepts, including Quirky Bird, Mexican Kitchen and Mac & Cheese. Each concept is inspired by great brands on the high street, so why not let us have your suggestions for the next big thing in your school restaurant...
